

## Schwab Personal Choice Retirement Account® (PCRA)

Pricing Summary—Effective March 2013

Schwab provides a broad range of value-added services, some of which have associated fees. This document provides you with a summary of your plan-specific commissions and transaction fees for trade orders placed in your Schwab PCRA. This pricing summary supersedes any prior pricing summaries, pricing guides, and notices that you may have received. Schwab reserves the right to change or waive fees at our discretion.

**Applicable Accounts:** This pricing summary applies only to the PCRA accounts held at Charles Schwab & Co., Inc., and established on behalf of retirement plan participants.

You can obtain more information about PCRA commissions and transaction fees by calling Schwab's dedicated PCRA Call Center at 1-888-393-PCRA (7272), Monday through Friday, 9:00 am through 7:30 pm (ET). Or, view the current *Charles Schwab Pricing Guide for Retirement Plan Accounts* on Schwab.com for a more complete description of all other commissions and transaction fees.

**Definition of Electronic Trades:** Trades placed through Schwab's electronic channels, such as Schwab.com, mobile applications, and automated phone services. Certain securities may not be available through all electronic trading channels.

**Note:** Your PCRA is a cash-up-front account. For all purchases, we require cleared funds in the account. When you're selling, we require securities on deposit. It is your responsibility to avoid overspending your account. If your account becomes overspent, Schwab reserves the right to liquidate a portion of your account to cover the debit balance. If liquidation is necessary, a broker-assisted fee of \$25 will apply.

Our commissions and markups may be slightly less than our published schedule (shown above) due to rounding.

## Exchange Process Fee

This is a fee Schwab charges to offset fees imposed on us by national securities and self-regulatory organizations or by U.S. option exchanges.

The Securities and Exchange Commission (SEC) assesses transaction fees on national securities exchanges and self-regulatory organizations based on the aggregate dollar amount of sales of certain securities. The SEC recalculates the amount of this fee periodically—at least once per year but sometimes more often. National securities exchanges and self-regulatory organizations offset the transaction fees by charging their member broker-dealers such as Schwab, and we, in turn, offset this fee by charging you an Exchange Process Fee for covered sell transactions.

U.S. option exchanges charge Schwab and other broker-dealers per-contract fees for purchase and sales of exchange-listed options. The exchanges may charge these fees even on transactions executed on other exchanges, which can result in multiple fees being imposed on Schwab for a single transaction. Schwab offsets these fees by charging you a single Exchange Process Fee for each covered transaction.

Any Exchange Process Fee that appears on your trade confirmation for a sale of an exchange-listed option will combine the offset for the fees charged both by the U.S. option exchanges and by the national securities and self-regulatory organizations.

**Schwab's Exchange Process Fee will rise or fall periodically depending upon the rate set by the SEC or by the U.S. option exchanges, as applicable.**

<sup>1</sup> Excluding mutual funds, commissionable trades that execute over more than one day will be charged a separate commission for each additional day; each separate commission will apply to the portion of the trade executed on the corresponding additional day. Electronic trade orders for which price or quantity are changed by the client, and as a result execute over multiple trades on the same day, are each charged a separate commission.

<sup>2</sup> Up to 999,999 shares can be placed per trade.

<sup>3</sup> Conditions apply: Trades in ETFs available through Schwab ETF OneSource (including Schwab ETFs™) are available without commissions when placed online through a Schwab account. Service charges apply for trade orders placed through a broker (\$25). An exchange processing fee applies to sell transactions. Certain types of Schwab ETF OneSource transactions are not eligible for the commission waiver, such as short sells and buys to cover (not including Schwab ETFs). Schwab reserves the right to change the ETFs we make available without commissions. All ETFs are subject to management fees and expenses. Please see the Charles Schwab Pricing Guide for Retirement Plan Accounts (the "Pricing Guide") for additional information. As of 2/7/2013, Schwab ETF OneSource had 105 ETFs.

Investment returns will fluctuate and are subject to market volatility, so that an investor's shares, when redeemed or sold, may be worth more or less than their original cost. Shares are bought and sold at market price, which may be higher or lower than the net asset value (NAV).

Charles Schwab & Co., Inc. receives remuneration from third-party ETF companies participating in Schwab ETF OneSource™ for recordkeeping, shareholder services, and other administrative services, including program development and maintenance.

Schwab ETFs™ are distributed by SEI Investments Distribution Co. (SIDCO). SIDCO is not affiliated with Charles Schwab & Co., Inc. Learn more at [schwab.com/SchwabETFs](http://schwab.com/SchwabETFs).

Third-party Schwab ETF OneSource shares purchased may not be immediately marginable at Schwab.

<sup>4</sup> Transactions in foreign ordinary shares incur additional custody, clearing, and settlement expenses. A foreign transaction fee is added to trades placed on the U.S. over-the-counter market through the online or automated phone channels. The commission and foreign transaction fee will be combined and appear as one line item, labeled "Commission," on your trade confirmation.

<sup>5</sup> Charles Schwab & Co., Inc. (Member SIPC) receives remuneration from fund companies for recordkeeping and shareholder services and for other administrative services for shares purchased through Schwab's Mutual Fund OneSource® program. Schwab also may receive remuneration from transaction-fee fund companies for certain administrative services.

Trades in no-load mutual funds available through OneSource (including Schwab Funds®), as well as certain other funds, are available without transaction fees when placed through Schwab's electronic channels such as, Schwab.com, mobile applications, or automated phone services. Schwab reserves the right to change the funds we make available without transaction fees and to reinstate fees on any funds. Funds are also subject to management fees and expenses.

Schwab's short-term redemption fee will be charged on redemption of funds purchased through Schwab's Mutual Fund OneSource® service (and certain other funds with no transaction fee) and held for 90 days or less. Schwab reserves the right to exempt some funds from this fee, including certain Schwab Funds®, which may charge a separate redemption fee, and funds that accommodate short-term trading.

<sup>6</sup> Standard fees apply on both transactions when placing simultaneous orders to sell one or more transaction-fee fund(s) and purchase additional transaction-fee fund(s) with the proceeds.

<sup>7</sup> Options carry a high level of risk and are not suitable for all investors. Certain requirements must be met to trade options through Schwab. Please read the Options Disclosure Document titled "Characteristics and Risks of Standardized Options" before considering any option transaction. Call Schwab at 1-888-383-PCRA (7272) to request a current copy. Supporting documentation for any claims or statistical information is available upon request.

<sup>8</sup> For fixed income trades placed through one of Schwab's electronic channels, discounts may apply.

<sup>9</sup> Schwab reserves the right to act as principal on any Bond transaction. In secondary market principal transactions the price will be subject to our standard mark up in the case of purchases, and a mark down in the case of sales, and also may include a profit or loss to Schwab in the form of a bid-ask spread. When trading as principal, Schwab may also be holding the security in its own account prior to selling it to you and, therefore, may make (or lose) money depending on whether the price of the security has risen or fallen while Schwab has held it.

Schwab Personal Choice Retirement Account® (PCRA) is offered through Charles Schwab & Co., Inc. (Schwab), a registered broker-dealer that also provides other brokerage and custody services to its customers.
